Mr Andrew McKinnon  
Gold Coast World Surfing Reserve Inc  
Po Box 3816  
Burleigh Town QLD 4220

Dear Andrew,

Thank you for attending our Friends of Currumbin meeting on 15 July 2015. Our members were impressed by your informative presentation—and appreciated your honesty in answering their questions about the proposal for a Gold Coast World Surfing Reserve from Burleigh Heads to Snapper Rocks.

The heritage and culture of surfing in this area is the foundation of the southern Gold Coast and has given us many World Surfing Champions, including of course , our current three times World Champion, Mick Fanning. We believe this could be properly recognised by your proposed World Surfing Reserve for the Gold Coast.

Our iconic beaches are enjoyed and celebrated by both the local and international communities . They are a special asset to be enhanced and preserved for future generations.

On behalf of Friends of Currumbin, we wish to extend our full support for this proposal and wish your Committee every success.

Yours sincerely  
Gloria Baker.  
Secretary Friends of Currumbin Inc.
